Call and Response!

Dear _____

My name is _____ and I am _____ years old and I live in _____.

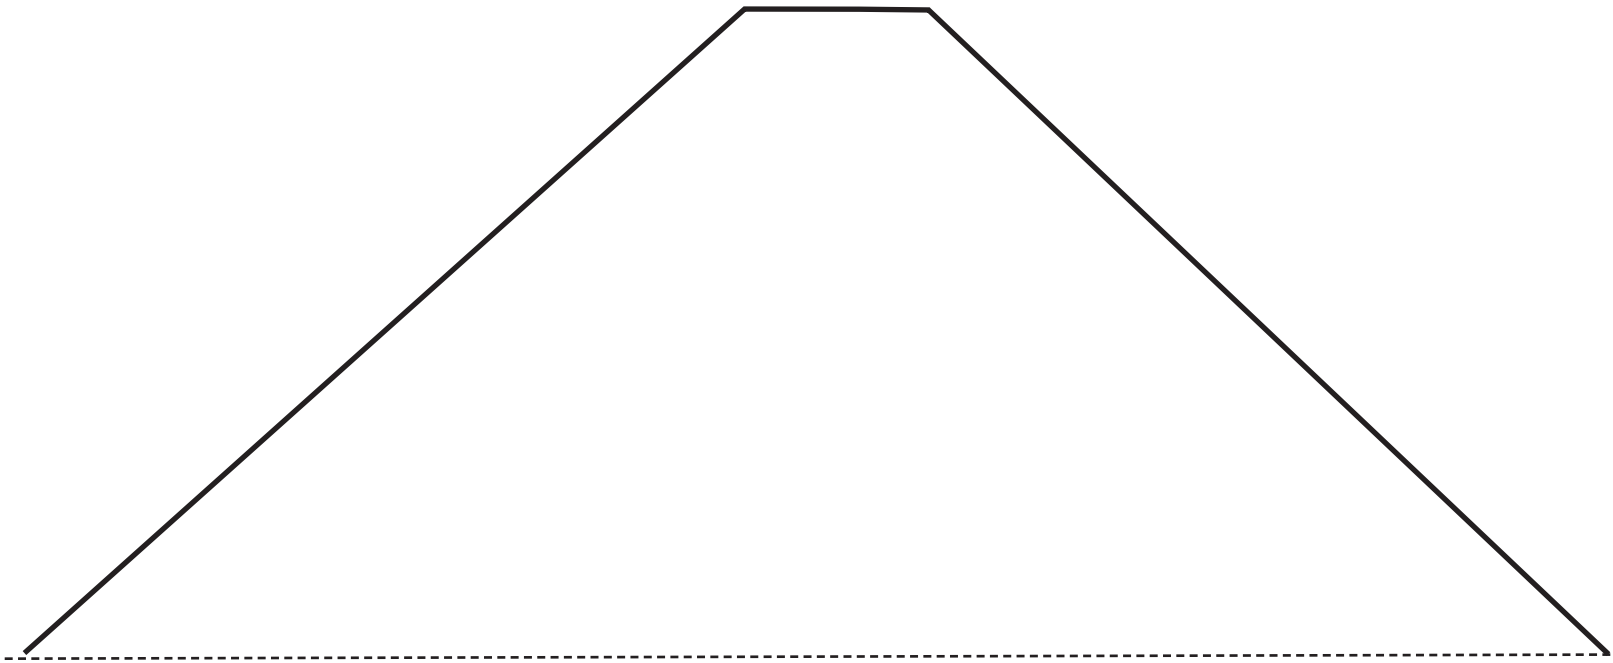

I have been learning lots about climate change and I am really concerned about (draw or write about a climate related issue that you know about or learnt about today)

I would like to live in a place that looks like (draw or write about what your dream suburb could look like if people put the planet first)

I am writing to you today to find out about things that are already happening in our suburb that I can join in on and be a part of to help our planet and reduce our impact on the climate.

Thank you for taking the time to read my letter, I look forward to reading and learning from your response,

To: _____
